The SSS Advantage:
Discover a Unique Approach to Financial Aid

Imagine a financial aid solution that not only empowers your team to make fair, data-driven decisions but also simplifies the process for families.

SSS offers that and more—from a proven methodology to seamless integration with IRS data. Discover how SSS goes the extra mile, with powerful features designed to support private and independent schools every step of the way.

Supporting over
150,000
families and
1,700
schools with seamless financial solutions

Built on the trusted NAIS framework, ensuring fair, consistent, and mission-aligned financial aid decisions across schools.

**Documents processes within 24 to 48 hours** using IRS-verified data, ensuring fast and reliable decisions.

Tax information verified without additional fees using direct IRS integration through TaxStatus instead of legacy technology.

Data and analytics provided for accurate forecasting and decision-making, with real-time insights into trends and financial aid distributions.

Families supported with in-portal messaging, email, and phone assistance, offering seamless communication and year-round support.

One application and fee per household, with real-time tracking to simplify the process and keep families informed.

Financial Aid Assistant (FAA) program offering expert folder review support and proactive follow-up, streamlining the aid process.

Instant access to multi-year IRS data, giving schools a comprehensive financial overview to make well-informed decisions.

Dynamic reporting tools, with over 50 real-time reports providing deep insights for data-driven decision-making.

Built on a secure, scalable platform, with 99.9% uptime to ensure reliability and accommodate schools of all sizes.

Over $330 million in financial aid awarded annually, supporting thousands of families and ensuring financial aid is distributed accurately.

Flexible payment options, enabling secure fee collection through integrated solutions like Diamond Mind.

Average email response time is the
same day.

Timely support when you need it. Our team prioritizes efficiency, ensuring that most emails receive a response the same day, so you can keep moving forward without delays.
